Sir/Madam

Functional foods are an emerging field in food science due to their increasing popularity with health-conscious consumers. The functional food industry, consisting of food, beverage and supplement sectors, is one of the several areas of the food industry that is experiencing fast growth in recent years. It is estimated that the global market of functional food industry will reach 176.7 billion in 2013. However, the area of functional foods will only grow successfully if we are able to integrate credible science with thorough consumer understanding, uncompromised taste and convenience, and effective communication.

To bring together the industry, consumers and regulatory agencies to develop a road map for the functional food industry and develop confidence among the consumers, The Association of Food Scientists and Technologists (India) Thrissur Chapter and Indian Dairy Association (Kerala State Chapter) in Association with EnSigns Diet Care Pvt. Ltd, Pune and Ave Health Care Pvt. Ltd, Cochin is organizing a seminar on Functional Foods on 29<sup>th</sup> March, 2010 at Seminar Hall, COVAS, Mannuthy, Thrissur.
